

## COMPANY

The LYCON brand was established in Australia in 1978 by Lydia Jordane, an internationally acclaimed beauty therapist. Cosmetics manufacturing has been a family concern since 1935, which Lydia was exposed to and involved in since taking her first footsteps, while getting under her father's feet in his laboratory. In her home country, hair removal was considered a cultural taboo at the time, so after much research and secretly ordering ingredients under the guise of her father's cosmetic chemist business, Lydia created her first wax in secret on the family kitchen stove in 1968, when she was just a teenager!

It wasn't long before LYCON became a well-known and sought after brand in Australia, with a well-deserved reputation as the Crème de la Crème of hair removal waxes around the world. LYCON is the trusted wax of choice in the top spas and salons in over 70 countries.

Formulated with the finest natural resins, bees wax and sensuous aromatherapy, LYCON delivers superior results, removing stubborn hair as short as 1mm like no other. At the same time, LYCON low temperature, super pliable and gentle waxes, provide a nurturing and skin conditioning treatment for extra client comfort, even on the most sensitive skins. Professionals use LYCON with confidence, to achieve completely hair free results for all types of hair growth, every-time.

The range consists of an array of LYCON traditional hot waxes based on Lydia's original hot wax formula, the unique LYCOJET hot waxes, LYCotec Film Wax, along with two amazing hybrid waxes LYCOdream and Pinkini! LYCON has also developed a number of strip waxes, which remove hairs with ease and no irritation. All are complemented with the comprehensive and harmonising LYCON pre and post waxing lotions, which make waxing practically painless to create a pleasurable and efficient experience for both clients and therapists.

**LYDIA JORDANE**  
**LYCON FOUNDER & CEO**

In addition the LYCON Spa Essentials body care range provides corrective solutions for home use, in between salon treatments. LYCON quality waxes come in many exciting colours and scents, which allow professionals to tailor the best waxing combination for total customer satisfaction.

LYCON has been setting waxing standards on a global scale for decades and remain the market leader with many world first innovations.

# Waxing Products & Wax Heaters

## LYCOJET Hot Waxes

Sensational and technologically unique LYCOJET stripless hot waxes are used thinner than traditional hot waxes and are a must have in every salon. These low temperature waxes for the face and body are super pliable, super strong and virtually pain free! LYCOJET shrink wraps and removes hair as short as 1mm. These extra-gentle waxes can be re-applied 5-6 times on just waxed skin without discomfort or irritation.

### ROSETTE HOT WAX XXX

With Rose, Chamomile and Titanium Dioxide. This premium, creamy pink wax contains soothing Chamomile and Rose, blended with LYCON's latest and unique Titanium Dioxide technology. Exceptional for extra sensitive areas, perfect for Brazilian waxing! 1 KG. 35 oz

LY1400 .....38.00

### AZULENE HOT WAX

With Chamomile  
Increase client comfort with the soothing and extra gentle benefits of Azulene, a Chamomile plant extract.  
1KG 35 oz.

LY1300 .....38.00

### LYCOJET LAVENDER

with Lavender and Chamomile  
Unique LYCOJET Hot wax, in majestic purple with the soothing properties of Lavender and Chamomile. Excellent for all delicate area waxing and fabulous for Brazilians! 1 KG 35 oz

LY2000.....38.00

### LYCOTANE SKIN CLEANSER

With Jasmine and Chamomile  
This gentle, refreshing cleanser is used before all face and body waxing to effectively remove surface oils, perspiration, pollution, make-up and cream residue from skin. Also important to use after all waxing to cleanse the skin and to help close the hair follicles.  
500ml 17oz

LYLA1 .....16.95

### PRE-WAXING OIL

with Apricot Kernel Oil, Jasmine and Chamomile  
This unique LYCON Pre-Waxing Oil pre-soothes and protects the skin while hot waxing, as it ensures the wax only grips the hairs and not the skin. LYCON Pre-Waxing Oil makes waxing extra comfortable, as it minimises skin drag and helps to prevent skin from coming off with the wax. It is important to apply LYCON Pre-Waxing Oil before all hot wax applications and reapplications and is a big advantage to also apply very little of it before strip waxing on dry skin. In addition, it makes waxing painfree and clean.  
500ml 17oz

LYP01 .....18.00

### PERFECT FINISH

With Apricot, Sweet Almond and Lavender  
This post-wax oil removes possible strip wax sticky residue, while soothing and moisturizing the skin at the same time. 500ml 17oz

LYPF1 .....18.00

### SOOTHING CREAM

With Chamomile and Rose  
This luxurious cream, enriched with Shea Butter, Rose and Chamomile rehydrates and soothes dry skin after hot and strip waxing. Skin is moisturized and delicately perfumed with its soft Rose scent. 500ml 17 oz.

LYSCA1 .....18.00

### WAX SOLVENT

LYCON Wax Solvent quickly and effortlessly dissolves all types of wax from linen, clothes, wax heaters, spatulas, furniture, equipment, carpet and floors. Saves time on cleaning, and is pleasantly scented. 500ml 17 oz.

LYWS1 .....16.95
